

## **EASY POOL CARE®** **BROMINE TABLETS**

**Contains: Bromo-3-chloro-5,5-dimethylimidazolidinedione-2,4 (>98%).**

Use it before the expiration date of 3 years since purchase date.

### **Instructions of use**

Adjust the pH between 7-7,8.

Initial use: After the initial treatment with chlorine shock, **add 150-200gr (7-10 tablets) for every 50m<sup>3</sup> of**

**pool water.** Use new tablets when they have dissolved and make sure that the bromine is between 1-3ppm.

**Maintenance use: Add 120-150gr of bromine tablets for every 50m<sup>3</sup> of pool water every day.** Use new tablets when they have dissolved and make sure that the bromine is between 1-3 ppm.

The dosage depends on the weather conditions and the use of the pool and may vary greatly.

Place the tablets directly in the prefilters or skimmers of the pool. In case of an automatic bromine feeder, please follow the instructions of the feeder.

### **Treatment for public or indoor pools:**

Adjust the dosage, so that the bromine varies between 2-4 ppm.

### **Treatment for private spas:**

Adjust the dosage, so that the bromine varies between 2-4 ppm.

### **Treatment for public spas:**

Increase the dosage, so that the bromine varies between 3-6 ppm.
