

EASY POOL CARE®
PH PLUS

Composition: Carbonated Soda

CAUTION: Do not mix it with other products. To be used before the expiry date of 2 years from the date of purchase.

Instructions of use

The ideal pH should be maintained between 7.2 and 7.6. **Add 0,5 kg pH plus for every 100 m³ of water to reduce the pH by 0.1 degree.** Pour the powder into the baskets or, for a more immediate action, dissolve it in a bucket of water and pour around the perimeter of the pool. Recycle the water for 5 hours. Then we check the water and if necessary we adjust the pH after 1 day.

Risk Statements & Precautionary Instructions

H319 Causes severe eye irritation. **P102** Away from children. **P280** Wear protective gloves / protective clothing / Personal protective equipment for the eyes / face. **P305 + P351 + P338** IN CASE OF EYE CONTACT: Rinse thoroughly with water for several minutes.
